

MOMENTUM HD

INTAKE SYSTEM

2011-2013 FORD DIESEL
TRUCKS V8-6.7L (TD)

FEATURES & BENEFITS

Unique One-Piece Housing

The smooth one-piece sealed housing with auxiliary air scoop is used to eliminate the use of multiple-piece housings and ensure the coolest air intake charge available. A large, clear sight window is used for a hassle-free filter inspection.

Huge 10-Layer Performance Air Filter

Features a massive 1,000cfm performance 360 degree radial flow air filter with 10-layers of progressive cotton media that provides 99.59% cumulative filtering efficiency. The air filter is wrapped in reinforced metal providing maximum strength to prevent filter collapse.

Premium Hardware

Premium stainless steel T-bolt clamps and a 2-ply reinforced silicone hump coupler at the turbo is used for strength and durability while also providing the most secure installation available. Momentum HD intakes are designed with fewer parts for a quick and simple installation.
