

## DELUXE REAR

The only rear bumper on the market with continuous flowing 4" schedule 40 pipe base with a built in flush mount receiver.

## TRADITIONAL REAR

Constructed of 4" schedule 40 pipe frame, 1/2" plate drop box and 8" drop lets you retain factory receiver

## EVOLUTION REAR

Constructed of all slick plate, which nicely compliments the Evolution Front. Standard features include white lights, tab for aftermarket lights, built in side step, and a black wrinkle finish.

The close up shows side step and optional backup sensor sleeves

## REAR OPTIONS

**Dually Wrap**  
Available for Deluxe & Traditional Models

**10" or 12" Drop**  
Allows more room for lighting options.

**Shackle Mounts**  
Steel tabs welded to pipe base to accommodate shackle hooks.

**Shackle Hooks**  
Great for hooking your tow strap or snatch block

**Rear Lights**

# PROTECTION FOR THE OPEN ROAD

## DELUXE FRONT

Tough 4" base pipe, 1 1/4" light loops, angular front protection plates, combine to make the most unique bumper on the market and the only front replacement bumper in the industry with wheel to wheel side protection.

## APACHE FRONT

Less front-end weight with a clean and sporty look. Standard: 4" pipe base, frame mounted, high gloss black industrial powder coat finish.

## BRUSH GUARD

Our frame mounted Brush Guards cover your existing factory bumper with light loops that are constructed of 1 1/4" pipe contoured around your vehicle's body structure.

## TRADITIONAL FRONT

Strong 4" pipe base, heavy upright push bars, and 1 1/4" pipe light loops. The Traditional Front bumper has same Tough Country strength and durability with a classic look.

## EVOLUTION FRONT

Modern-styled flat plate bumper with a ten-gauge steel plate base. Black wrinkle industrial powder coat finish is standard.

## FRONT OPTIONS

**Custom Fog Light Sleeves**  
Custom made to hold factory lights for your vehicle

**Flush Receiver Tube**  
Allows accessories like winch cradle, cargo basket, game rack, or ball mount to easily back trailers into tight places.

**Protruding Receiver Tube**  
Conveniently pin and unpin accessories from the front of your bumper for quick and easy access more frequently

**Shackle Mounts**  
Steel tabs welded to pipe base to accommodate shackle hooks.

**Shackle Hooks**  
Great for hooking your tow strap or snatch block

**Mile Marker Winch Box**  
Small and streamlined winch box, giving your bumper a more custom and precise fit for the hydraulic winch.

**Universal Winch Box**  
Allows your winch to remain exposed for ease of use, so that you can keep your cable from balling up.

**Expanded Metal Grill**  
Protect your truck's front grill and radiator from debris, sticks, and branches

**Euro Bar**  
Available on Apache, this bar adds additional front grill protection.

**3" Body Mod**  
Fabricated and welded brackets to raise the bumper for trucks with a 3" Body Lift.

## RELIABILITY

Built Strong to Last Long. For over 12 years, the tried and true Tough Country brand has delivered and will continue to exceed expectations when you need it most.
