Maximum Beam Distance: 1,131 m / 3,711 ft

Beam Angle: 8°

*A bad storm came through and my crew got called out in the middle of the night for down lines. It was a great chance to put our Golight to work. Having light where and when you need it, really helped us get things back up and my guys home safe. Thanks Golight for a great product.*  
-Gary Klumpe, Journeyman Lineman
