Rubber must face plastic when installing M6 Sealing Washer

Disregard any remaining hardware

Use hand tools only when assembling.

Do not use power tools.

⚠ When assembling, do not tighten hardware completely. ⚠

Windshield Cleaning:

- Do not use window cleaning fluids (Windex, 409, etc) or any solvents (gasoline, denatured alcohol, acetone, etc).
 - Never use abrasive cleaners, abrasive pads, or gritty cloths.
 - Do not use a windshield wiper blade or install a motorized windshield wiper
 - Never use razor blades, scrapers, squeegees, brushes, etc.
1. Thoroughly rinse Windshield to float off dirt and mud.
 2. Using a soft cloth, or microfiber cloth, clean Windshield with warm water and a gentle detergent. Baby shampoo or hand washing soap are recommended.
 3. To prevent water spots, use a chamois to blot Windshield dry.

Reference only; do not assemble completely at this time.

Install Seal to Windshield (A) as shown:
seal shown off for clarity only.

To ease installation, soak Seal in hot water before cutting or installing to increase flexibility.

Bulb Seal

Bulb Seal

**Bulb portion of Seal to
face towards vehicle**

- Install Top Frame (B) to Windshield (A) with hardware shown.
- Install Right and Left Female Hinges (M-L) with hardware shown.

- Install Lower Frame (H) to Windshield (A) with hardware shown.

- Insert Left Male Hinge (J) into Left Female Hinge (L). *Provided Spacer must be installed.*
- Secure Left Male Hinge (J) to hole located in stock Windshield Mount Plate with hardware shown.
- Repeat for Right side.

Install provided Spacer

Hinge Alignment

To avoid binding when opening and closing Windshield, align Hinges before tightening hardware.

- Place Strut Clamp (E) and Left Strut Bracket (G) around Cab Frame as shown.
- Secure with hardware shown.
- Repeat for opposite side.

2016+ models have a Grab Bar. Install components as shown.

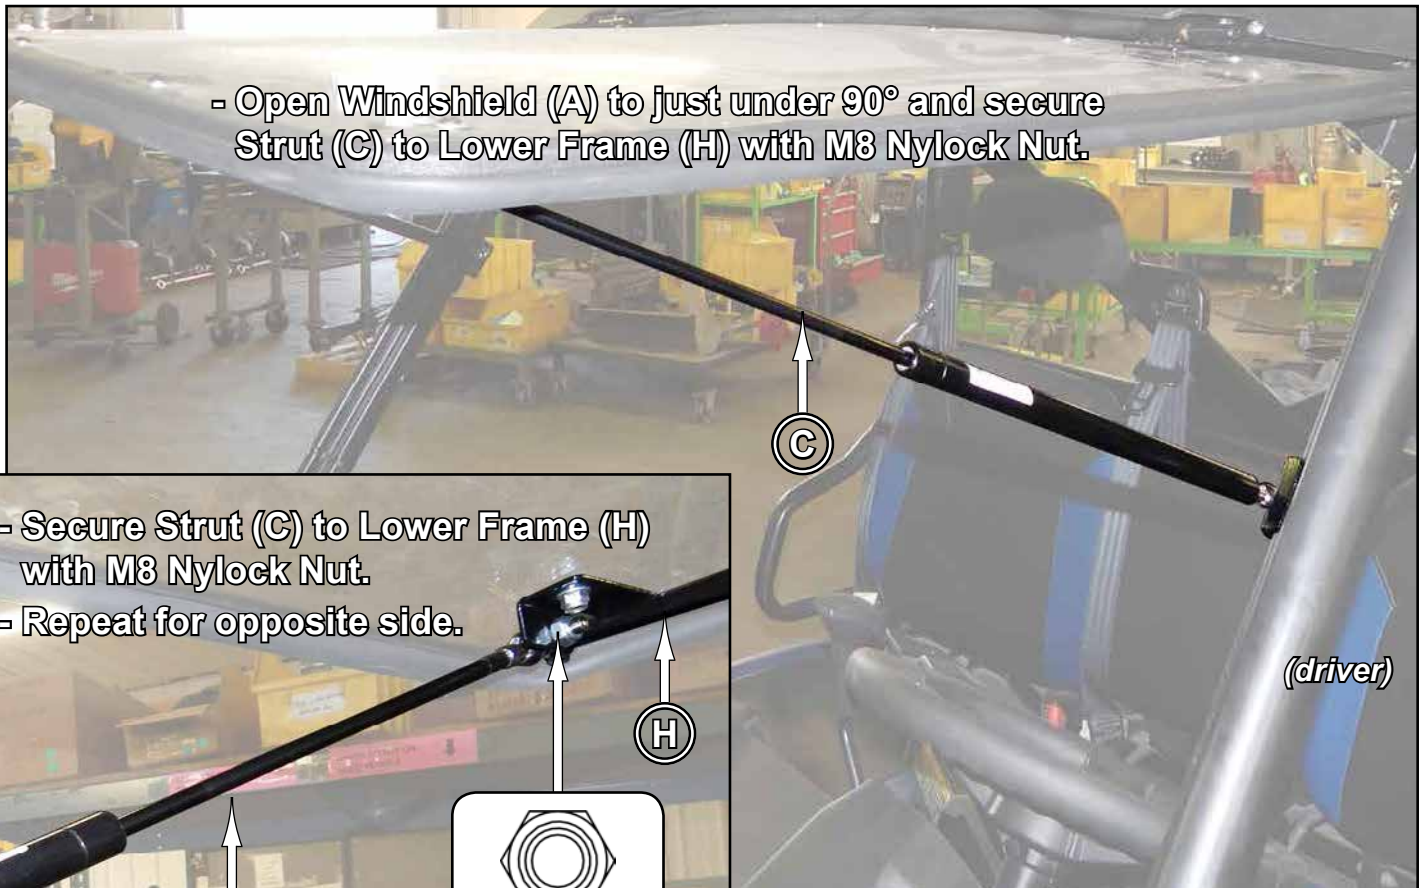

Strut (C) Installation

- Install Strut (C) to Left Strut Bracket (G).
- Repeat for Right Strut Bracket (F).

- Open Windshield (A) to just under 90° and secure Strut (C) to Lower Frame (H) with M8 Nylock Nut.

- Secure Strut (C) to Lower Frame (H) with M8 Nylock Nut.
- Repeat for opposite side.

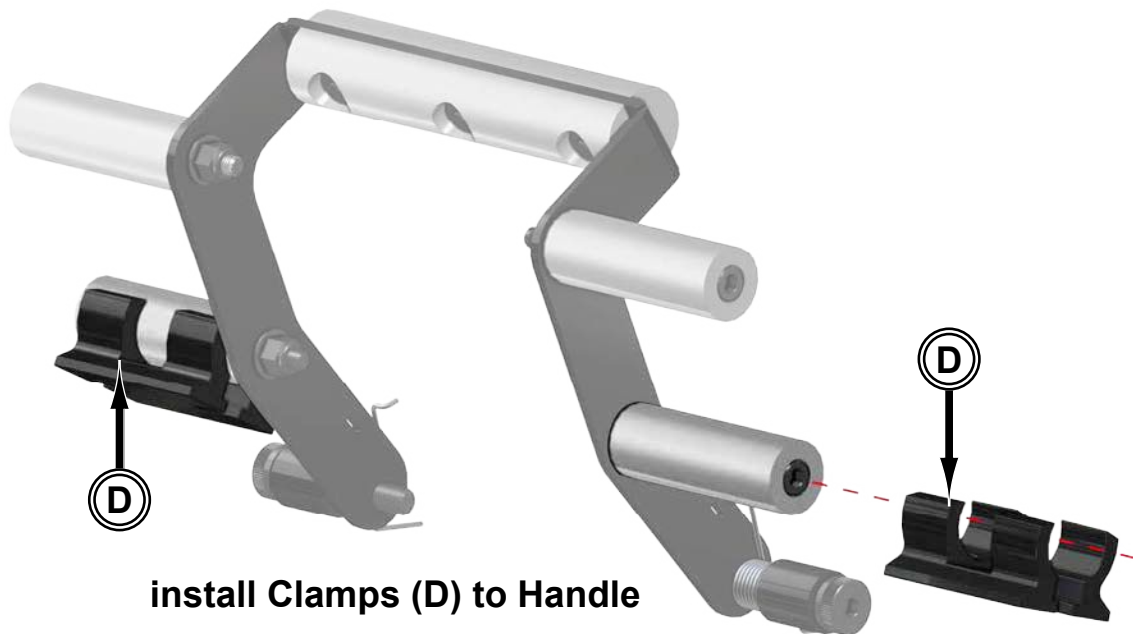

Extra hands are recommended for following steps:

- Close Windshield (A).
- Ensure that Windshield (A) is aligned to machine and Seal is in contact with Dash and Cage Frame as shown.
- **Tighten all hardware completely.**

Catch (D) installation

install Clamps (D) to Handle

- Close Windshield (A).
- Ensure that Windshield (A) is aligned to machine and Seal is in contact with Dash as shown.
- Mark location of Clamps (D) onto Dash.
- Open Windshield (A).
- Remove Dash and drill holes where Clamp (D) hardware will install.

Catch (D) installation continued

- Secure Clamps (D) with hardware shown. Tighten hardware completely and reinstall Dash to machine.

Liability Statement

SuperATV's® products are designed to best fit user's ATV/UTV under stock conditions. Adding, modifying, or fabricating any factory or aftermarket parts will void any warranty provided by SuperATV® and is not recommended. SuperATV's® products could interfere with other aftermarket accessories. If user has aftermarket products on machine, contact SuperATV® to verify that they will work together.

Although SuperATV® has thousands of satisfied customers, user should be aware that installing lift kits, long travel, or suspension kits, tires, etc. will change the ride of machine and may increase maintenance and part wear. Operating any off-road machine while, or after, consuming alcohol and/or drugs increases risk of bodily harm or death. No warranty or representation is made as to this product's ability to protect user from severe injury or death. SuperATV® urges operators and occupants to wear a helmet and appropriate riding gear at all times.

By purchasing and installing SuperATV® products, user agrees that should damages occur, SuperATV® will not be held responsible for loss of time, use, labor fees, replacement parts, or freight charges. SuperATV®, nor any 3rd party, will not be held responsible for any direct, indirect, incidental, special, or consequential damages that result from any product purchased from SuperATV®. The total liability of seller to user for all damages, losses, and causes of action, if any, shall not exceed the total purchase price paid for the product that gave rise to the claim.

SuperATV® will warranty only parts provided by SuperATV®. Any damage or problems with OEM housings, bearings, seals, or other manufacturers' products will not be covered by SuperATV®. SuperATV® parts and products are not warranted if item was not installed properly, misused, or modified.

Installing, adding, modifying, or fabricating any factory or aftermarket product to your ATV/UTV may violate certain local, state, and federal laws. Be advised that laws vary depending on town, city, county, state, etc. Use of certain products on public streets, roads, or highways may be in violation law. The Buyer is solely and exclusively legally and personally responsible for any violation of the law by the installation or use of the product. You must abide by all local, state, and federal laws, including but not limited to vehicle safety, traffic laws, and ordinances. It is your responsibility to know the laws and how they apply to you.

The Buyer is responsible to fully understand the capability and limitations of his/her vehicle according to manufacturer specifications, warnings and instructions and agrees to hold SuperATV® harmless from any damage resulting from failure to adhere to such specifications, warnings and/ or instructions. The Buyer is also responsible to obey all applicable federal, state, and local laws and ordinances when operating his/her vehicle while using this product, and the Buyer agrees to hold SuperATV® harmless from any violation thereof.
