1 Bolt Brush Assembly onto Hitch Insert

Run two bolts through two washers, through two holes in (A) Brush Assembly then through two holes in (B) Hitch Insert. Tighten two nuts onto bolts.

2 Screw Mount to Solid Surface

Secure the mount to either a floor or a wall using the appropriate screw for the material to which you are mounting.

Predrill holes in concrete or into wall stud. Tighten mount to floor or wall. Pin Brush Assembly to mount.

3 Secure to Vehicle

Slide Hitch Insert into hitch receiver (not included). Slide Pin through holes and snap clevis through hole on end of the pin.

Now...Stay Clean!

on the wall

on the four-wheeler

use as a step
