

## **\*\* IMPORTANT - PLEASE READ \*\***

You have **45 days** from the day the item(s) were received to get 100% of your core fee refunded. After **45 days** there will be a **10%** reduction and at **90 days** a **50%** refund reduction. Arrangements can be made to avoid the reduction if we are given advance notice, please email us at [sales@cncfab.us](mailto:sales@cncfab.us) and let us know and we will notate your records. We understand things happen. If you arranged to send in your core(s) first, please still read below for packaging and the address to send your core item(s) to.

Repack the core(s) the same way the new item(s) were shipped to you. Please clean up the item(s) well or additional fees may apply from the carrier. Shipping companies will deny a part that is leaking fluids out of it, or they may refuse to ship the item.

**\*\*Ensure the return form is filled out and included so we know who to credit the core fee back to. We cannot refund the core fee if there is no information associated with the core.\*\***

**BE SURE THE ITEM(S) ARE PACKED SNUG TO REDUCE MOVEMENT WHICH CAN CAUSE THE BOX TO BREAK OPEN OR ITEMS TO BE DAMAGED.** It is your responsibility that the item(s) are packaged well to prevent damage which can lead to the core refund amount being reduced. If the item(s) shift when moving the box around, you will need to add more packing/newspaper/etc. to secure the item(s) if not using our original packaging.

### **ADDRESS TO RETURN THE CORE(S) TO:**
