New Product Release

Ford 7.3L International Diesel Head Stud Kit

available for immediate delivery

Part No. 250-4204

ARP - The world leader in fastener technology has just released a new Pro Series ARP2000® head stud kit for 1988-1994 Ford 7.3L International diesel applications.

Part No. 250-4204 - includes a set of thirty four ARP2000® head studs, thirty four parallel ground washers, thirty four 8740 chrome moly steel 12 point nuts and a 1/2 oz. pack of ARP Ultra-Torque fastener assembly lubricant.

All Pro Series ARP2000® studs are centerless ground, heat treated prior to thread rolling and machining, and are nominally rated at 220,000 psi. These fasteners deliver a 35% increase in tensile strength over the OEM head bolts.

ARP products are available worldwide through local distributors
